INTRODUCTION

"Creating value in the textile and footwear market for 27 years"

The year 2021 was a turning point for AF Vilas Boas, Lda. with the change of premises to a new and modern industrial facility, simultaneously with the celebration of its 25th anniversary.

AF's history is written with a lot of work, commitment, resilience, struggle, persistence... many joys, some sadness, but always with the will to continue to grow, learn and do more and better.

All this would not be possible without the hard work and dedication of many people who contribute to the success of this company. We honor and thank each of our employees who dedicate their lives to carrying out their work with determination, dignifying the company.

A very special thanks to all our customers and partners who help us grow, who trust us, and who support and value us daily. To all of them, our 'Thank you' for belonging to this great and honored family!
